“Every James Rollins delivers mach-speed mayhem, throat-clutching suspense, high-style adventure, and a terrific story told terrifically.” —Steve Berry, author of *The Romanov Prophecy* The thriller king praised for his “edge-of-your-seat excitement” (*San Francisco Chronicle*), James Rollins storms the *New York Times* bestseller list with every novel he writes. With his latest breathtaking blockbuster, *Altar of Eden*, Rollins takes a breather from his Sigma Force adventures (*Map of Bones*, *Black Order*, *The Judas Strain*, et al) while delivering all the action, surprise, and intensity for which he’s well known—and loved. Combining science, history, and breakneck suspense—and a secret tied to the Book of Genesis—*Altar of Eden* is sure to satisfy every James Rollins fan while winning over a slew of new converts.

A landmark American drama that inspired a classic film and a Broadway revival—featuring an introduction by David Mamet A blistering character study and an examination of the American melting pot and the judicial system that keeps it in check, *Twelve Angry Men* holds at its core a deeply patriotic faith in the U.S. legal system. The play centers on Juror Eight, who is at first the sole holdout in an 11-1 guilty vote. Eight sets his sights not on proving the other jurors wrong but rather on getting them to look at the situation in a clear-eyed way not affected by their personal prejudices or biases. Reginald Rose deliberately and carefully peels away the layers of artifice from the men and allows a fuller picture to form of them—and of America, at its best and worst. After the critically acclaimed teleplay aired in 1954, this landmark American drama went on to become a cinematic masterpiece in 1957 starring Henry Fonda, for which Rose wrote the adaptation. More recently, *Twelve Angry Men* had a successful, and award-winning, run on Broadway. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Each working day from January 29 to November 1, 1951, John Steinbeck warmed up to the work of writing *East of Eden* with a letter to the late Pascal Covici, his friend and editor at The Viking Press. It was his way, he said, of “getting my mental arm in shape to pitch a good game.” Steinbeck’s letters were written on the left-hand pages of a notebook in which the facing pages would be filled with the text of *East of Eden*. They touched on many subjects—story arguments, trial flights of workmanship, concern for his sons. Part autobiography, part writer’s workshop, these letters offer an illuminating perspective on Steinbeck’s creative process, and a fascinating glimpse of Steinbeck, the private man. Tackling faith, doubt, and transformation, National Book Award winner Pete Hautman explores a boy’s unraveling allegiance to an insular cult. Twelve square miles of paradise, surrounded by an eight-foot-high chain-link fence: this is Nodd, the land of the Grace. It is all seventeen-year-old Jacob knows. Beyond the fence lies the World, a wicked, terrible place, doomed to destruction. When the Archangel Zerachiel descends from Heaven, only the Grace will be spared the horrors of the Apocalypse. But something is rotten in paradise. A wolf invades Nodd, slaughtering the Grace’s sheep. A new boy arrives from outside, and his scorn and disdain threaten to tarnish Jacob’s contentment. Then, while patrolling the borders of Nodd, Jacob meets Lynna, a girl from the adjoining ranch, who tempts him to sample the forbidden Worldly pleasures that lie beyond the fence. Jacob’s faith, his devotion, and his grip on reality are tested as his feelings for Lynna blossom into something greater and the End Days grow ever closer. *Eden West* is the story of two worlds, two hearts, the power of faith, and the resilience of the human spirit.

Sixty-five million years ago, a disastrous cataclysm eliminated three quarters of all life on Earth. Overnight, the age of dinosaurs ended. The age of mammals had begun. But what if history had happened differently? What if the reptiles had survived to evolve intelligent life? In *West of Eden*, bestselling author Harry Harrison has created a rich, dramatic saga of a world where the descendants of the dinosaurs struggled with a clan of humans in a battle for survival. Here is the story of Kerrick, a young hunter who grows to manhood among the dinosaurs, escaping at last to rejoin his own kind. His knowledge of their strange customs makes him the humans’ leader...and the dinosaurs’ greatest enemy. Rivalling Frank Herbert’s *Dune* in the majesty of its scope and conception, *West of Eden* is a monumental epic of love and savagery, bravery and hope. At the Publisher’s request, this title is being sold without Digital Rights Management Software (DRM) applied.

“Patiently, and unflinchingly, Ackerman is becoming one of the great poet laureates of America’s tragic adventurism across the globe.” —Pico Iyer *Eden* lies in a hospital bed, unable to move or speak. His wife Mary spends every day on the sofa in his room. We see them through the eyes of Eden’s best friend, a fellow Marine who didn’t make it back home—and who must relive the secrets held between all three of them as he waits for Eden to finally, mercifully die and join him in whatever comes after. A breathtakingly spare and shattering novel that explores the unseen aftereffects—and unacknowledged casualties—of war, *Waiting for Eden* is a piercingly insightful, deeply felt meditation on loyalty, friendship, betrayal, and love. “The Tim O’Brien of our era.” —*Vogue* “Devastating.” —*The Wall Street Journal* “Haunting. . . . Daring.” —*The Boston Globe* “Heart-wrenching.” —NPR

On the alien, sunless planet they call Eden, the 532 members of the Family shelter beneath the light and warmth of the Forest's lantern trees. Beyond the Forest lie the mountains of the Snowy Dark and a cold so bitter and a night so profound that no man has ever crossed it. The Oldest among the Family recount legends of a world where light came from the sky, where men and women made boats that could cross the stars. These ships brought us here, the Oldest say—and the Family must only wait for the travelers to return. But young John Redlantern will break the laws of Eden, shatter the Family and change history. He will abandon the old ways, venture into the Dark...and discover the truth about their world. Already remarkably acclaimed in the UK, Dark Eden is science fiction as literature; part parable, part powerful coming-of-age story, set in a truly original alien world of dark, sinister beauty--rendered in prose that is at once strikingly simple and stunningly inventive.

She also aimed to please Andrew and his friends, first by being one of the boys and later by seducing them. Then one hot night, Andrew was awakened by gunshots and piercing screams from the next farm: Mr. Close had been killed and Eden blinded. Now, seventeen years later, Andrew begins to uncover the grisly story - to unravel the layers of thwarted love between the husband, wife, and tormented girl. And as the truth about Eden's past comes to light, so too does Andrew's strange and binding attachment to her reveal itself.

In New York City alone, 35 million people are squeezed into its packed boroughs, scrambling like rats for the world's dwindling resources. The only food available is a product called Soylent. And while the government tries to maintain order, the rich get richer and the poor stay underfoot. Finding a killer in this broken world is one hell of a job. But that's exactly what detective Andy Rusch has been assigned to do. If he can stay alive long enough, he might just solve the biggest case he's ever been on—unless humanity finally fulfills its promise and destroys itself first.

?Introduction by Terry Tempest Williams Afterword by T. H. Watkins ?Called a "magnificently crafted story . . . brimming with wisdom" by Howard Frank Mosher in The Washington Post Book World, *Crossing to Safety* has, since its publication in 1987, established itself as one of the greatest and most cherished American novels of the twentieth century. Tracing the lives, loves, and aspirations of two couples who move between Vermont and Wisconsin, it is a work of quiet majesty, deep compassion, and powerful insight into the alchemy of friendship and marriage.

Shots rang out in Savannah's grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. John Berendt's sharply observed, suspenseful, and witty narrative reads like a thoroughly engrossing novel, and yet it is a work of nonfiction. Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman's Card Club; the turbulent young redneck gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the "soul of pampered self-absorption"; the uproariously funny black drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young blacks dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. *Midnight in the Garden of Good and Evil* is a sublime and seductive reading experience. Brilliantly conceived and masterfully written, this enormously engaging portrait of a most beguiling Southern city has become a modern classic.

A provocative new interpretation of the Adam and Eve story from an expert in Biblical literature. The Garden of Eden story, one of the most famous narratives in Western history, is typically read as an ancient account of original sin and humanity's fall from divine grace. In this highly innovative study, Ziony Zevit argues that this is not how ancient Israelites understood the early biblical text. Drawing on such diverse disciplines as biblical studies, geography, archaeology, mythology, anthropology, biology, poetics, law, linguistics, and literary theory, he clarifies the worldview of the ancient Israelite readers during the First Temple period and elucidates what the story likely meant in its original context. Most provocatively, he contends that our ideas about original sin are based upon misconceptions originating in the Second Temple period under the influence of Hellenism. He shows how, for ancient Israelites, the story was really about how humans achieved ethical discernment. He argues further that Adam was not made from dust and that Eve was not made from Adam's rib. His study unsettles much of what has been taken for granted about the story for more than two millennia—and has far-reaching implications for both literary and theological interpreters. "Classical Hebrew in the hands of Ziony Zevit is like a cello in the hands of a master cellist. He knows all the hidden subtleties of the instrument, and he makes you hear them in this rendition of the profoundly simple story of Adam, Eve, the Serpent, and their Creator in the Garden of Eden. Zevit brings a great deal of other biblical learning to bear in a surprisingly light-hearted book."—Jack Miles, author of *God: A Biography*

A collection of short stories, journalism pieces, and various writings by the esteemed twentieth-century English novelist Henry Green. *Surviving* presents a miscellany of Henry Green's writing, and is as reflective of his extraordinary and unclassifiable genius for the word as any of his great novels from *Living to Loving to Nothing*. Readers will find remarkable stories from the 1920s and 1930s; Green's telling of his time in the London Fire Brigade during the Blitz; a short, unpublished play, *Journey out of Spain*; journalism; and the hilarious interview that Terry Southern conducted for *The Paris Review*. Edited by the novelist Matthew Yorke, Green's grandson, *Surviving* also includes a memoir by Green's son, Sebastian Yorke, that is a brilliant portrait of this maverick master.

Now in its expanded, updated revised edition, this is the original classic text (with more than 5-million copies sold) that helped create the natural foods industry. It remains today one of the major texts on herbs, natural diet and lifestyle and holistic health. "...set[s] forth his method of natural self healing based on herbs, a diet that used no meat, dairy products, or eggs, and a life in harmony with the laws of health and nature. He opposed the use of sugar, spices, pepper, mustard, vinegar, and fermented foods. He recommended the use of soymilk in numerous healing diets and considered it far better than cow's milk." -- [www.SoyinfoCenter.com](http://www.SoyinfoCenter.com).

"Wild Edibles: A Practical Guide to Foraging, with Easy Identification of 60 Edible Plants and 67 Recipes has taught me that my backyard is full of free food! Way to go, Sergei." —John Mackey, CEO of Whole Foods Market In this field guide to foraging wild edible plants, Sergei Boutenko (son of raw-food guru Victoria Boutenko) explores the health benefits of wild-harvested food, explains how to safely identify trailside weeds, herbs, fruits, and greens that grow worldwide, and shares his delicious, nutrient-dense recipes. Sergei Boutenko has been gathering wild plants since he was 13, when, early on in a 6-month hike from Mexico to Canada, he and his raw-food family ran out of provisions and turned to foraging for survival in the wild. Back in civilization, Boutenko was dismayed by the inferior quality of store-bought food and industrial agriculture, and began to regularly collect wild plants near his home and on his travels. Now, in Wild Edibles, he shares knowledge gleaned from years of live-food wildcrafting and thriving in harmony with nature. This practical guide to plant foraging gives hikers, backpackers, raw foodists, gardeners, chefs, foodies, DIYers, survivalists, and off-the-grid enthusiasts the tools to identify, harvest, and prepare wild edible plants. The book outlines basic rules for safe wild-food foraging and discusses poisonous plants, plant identification protocol, gathering etiquette, and conservation. Boutenko explores in detail the many rewards of eating wild flora: environmental protection, sustainability, saving money, economic self-sufficiency, and healthy living. He draws on thoroughly researched nutrition science to make a compelling case for the health benefits of a diverse, local-food diet that includes wild greens. The majority of the 60 edible plants described in this field guide can be found worldwide, including common-growing trees. Over 300 color photos make plant identification easy and safe. A chapter containing 67 high-nutrient vegan recipes—including green smoothies, salads and salad dressings, spreads and crackers, main courses, juices, and sweets—provides inspiration to join Sergei on the trail to radiant health.

A masterpiece of Biblical scope, and the magnum opus of one of America's most enduring authors, in a commemorative hardcover edition In his journal, Nobel Prize winner John Steinbeck called East of Eden "the first book," and indeed it has the primordial power and simplicity of myth. Set in the rich farmland of California's Salinas Valley, this sprawling and often brutal novel follows the intertwined destinies of two families—the Trasks and the Hamiltons—whose generations helplessly reenact the fall of Adam and Eve and the poisonous rivalry of Cain and Abel. The masterpiece of Steinbeck's later years, East of Eden is a work in which Steinbeck created his most mesmerizing characters and explored his most enduring themes: the mystery of identity, the inexplicability of love, and the murderous consequences of love's absence. Adapted for the 1955 film directed by Elia Kazan introducing James Dean, and read by thousands as the book that brought Oprah's Book Club back, East of Eden has remained vitally present in American culture for over half a century.

Sanchez Travers seemed more scoundrel than scientist, but Dr. Annie Parrish needs the help of the Harvard-educated ethnobiologist to head up the Amazon in search of an extraordinary discovery.
