Christ, Our Savior Songbook is a 110 page collection of 45 Christian songs designed specifically for the worship service in lead sheet format with lyrics, melody and chord symbols that can easily be used by worship team leaders and members in an onstage band of vocalists, guitar, keyboard, bass and percussion. All the songs in the book are licensed with Christian Copyright International (CCLI) and have royalty numbers assigned to them for reports of usage worldwide in the catalog - The King's Court. The lyrics are available for download and church projection on a screen at ccli.com. The songs are arranged as one continuous story of God's redemptive grace through Christ, and are organized into 14 adjacent medleys for worship leaders. It is hoped that these songs will be used in church services, bible studies, evangelistic concerts, Christian schools & camps, and any function where the Body of Christ gathers for praise to our Lord, Jesus Christ. In reference to the key structure of the songs and the modulations used, I chose keys that the congregation can easily sing, and the average guitarist can play. When certain keys are used, a separate score for the guitar is added with instructions for the use of a capo. The bass note is included at the bottom of chord symbols. Instrumental introductions and interludes are marked in the scores and they are to be played on the piano, or by any appropriate available instrument. These short themes may be raised or lowered an

octave to accommodate the instrument desired. Optional solos are marked in many of the songs. This is an excellent way to give trained vocalist within the church an opportunity to share the gifts that God has given them. It also gives diversity to the music by allowing time for the church body to reflect on the message of the song. About The Canons - There are several canons (rounds) in this book that can be performed in a variety of ways. Here are some possible suggestions: 1) Learn the canon melody well before attempting to incorporate the successive entrances (additional canon parts). 2) Use instruments only to play the additional canon parts - this will maintain the beauty of the music, and allow for the lyrics to be heard and understood more clearly. 3) After the congregation has learned the song, try having the worship team sing the additional canon parts. 4) Finally, try dividing the congregation and have them sing the additional canon parts if desired. - Enables organizers to envision and implement a VBS program customized for the local church - Practical, comprehensive, from-the-ground-up approach to VBS Designing a Vacation Bible School program, as opposed to choosing one of the many off-the-shelf packages, is a labor of love. It considers the unique perspective of children and invests accordingly. It's a home-cooked meal compared to fast food. It sends a message to parents that a church values children enough to identify and meet their specific needs in their community at a particular moment in time. Well-designed VBS programs speak to children with respect, love, and patience, offering opportunity for authentic spiritual growth, not to mention an intentional theology that is reflective of the church. Finally, custom-designed VBS programs are a way to fully include children in the mission and ministry of the church rather than confine their unique gifts. This book provides Christian educators with the tools they need to assess the needs and resources in their congregation, and to craft a creative program in response to that

assessment. The Best VBS Workbook Ever offers direction and suggestions on theme, structure, logistics, program, activities, staffing and promotion. Stroked by God is the poignant, funny, and inspirational story of musician John Bumgardner's rise within the music business, the catastrophic stroke-like event that permanently changed the path he was on, and the power of God's healing and redemption. It is the story of someone who lost everything they had achieved, and regained everything that mattered. John is a virtuoso guitarist, multi-instrument musician, and singer-songwriter, originally from Gastonia, North Carolina. His first major success came when he moved to Nashville, Tennessee and became a guitar player and manager for Paulette Carlson, (founding member of "Highway 101.") But, nearing the height of his career in the music industry, John suffered a devastating medical event with many symptoms of a stroke. This event seriously affected his dexterity and memory to the point he could no longer play his instruments. Many people would have become bitter at losing everything they had worked for their whole lives. But John knew that God was not finished with him yet. Through God's grace, John has not only recovered his ability to play music. He plays better than he ever did before. And today he is also an inventor, inspirational speaker, and author. By sharing his compelling story, John hopes that you too will be Stroked by God.

Each issue includes choruses.
