Leap into the world of Zeus the hamster and his gang of gods as they solve the mystery of the labyrinth in the second book in this hilarious modern-day take on Greek mythology. Our story begins in the depths of a winding labyrinth, the domain of a fearsome Minotaur who threatens all who live on Mount Olympus. Can Zeus the Mighty save the day? The critters are back and on the quest of a lifetime! Join Zeus the overconfident hamster, Athena the wise cat, Ares the treat-loving pug, Poseidon the proud pufferfish, and Demeter the loyal grasshopper in this laugh-out-loud adventure. Welcome to Mount Olympus, a pet supply and rescue center that sits high atop a hill in Athens, Georgia. By day, the pets there do what all pets do: Chew on a bone or curl up for a catnap. Under the careful watch of their Greek history obsessed caretaker, Artie, the pets listen in to her favorite podcast, Greeking Out, each night. But under the cover of nightfall, Zeus and his cohorts spring free from their cages and pursue quests bestowed upon them by the magical all-knowing Oracle of Wi-Fi. And once again, she has spoken: There's a threat in Mount Olympus Pet Center, and it's going to take guts, smarts, and strength to triumph. Join Zeus and his friends on this rollicking romp through a winding labyrinth (the center's duct system) and Greek mythology.

Cruz, Sailor, Emmett, and the gang are on their way to Africa when Nebula misses their intended target and someone close to Cruz ends up on the brink of death. Secrets creep out from the shadows and leave Cruz with more questions than answers in this fourth title in the hit series. A major discovery forces the Explorer Academy into the limelight in *The Star Dunes*, but Cruz has much more on his mind than 15 minutes of fame. A new face on board the ship brings Cruz's worlds colliding, just as a major close call tears them apart. En route to Africa, Team Cousteau is now down a major player, and Cruz can't help but be preoccupied by the hole in his life. The discovery of his mom's next clue leads him to the most exotic location yet--a vast desert--with no other information to lead the way, while an unlikely ally helps Cruz pursue another piece of the puzzle. Just as things seem like they might turn out alright, Dr. Fanchon Quills has a technological breakthrough which gives Cruz a glimpse into the past and reveals more about his future than he may really want to know.

In this fun, fascinating and full-color guide, the fan-favorite heroes of Big Hero 6 introduce young readers to the most fascinating, unusual and downright mind-boggling concepts from science, technology, engineering and math – and of the critical thinking skills they'll need to become super-brain superheroes in their own right! Jam-packed with answers to hundreds of fascinating “why” questions that are sure to keep kids turning pages for hours, this book leverages the STEM backgrounds of the Big Hero 6 characters to make every question and concept relevant to today's kids. They'll learn why robots will soon develop AI (whether we want them to or not), why our fingertips wrinkle when they get wet, why the sun is able to eject solar flares into space when there's no oxygen to feed them, why water sometimes runs uphill, and much, much more. While there are other books for children that try to answer the question “why?,” the Big Hero 6 Super-Brain Science Book of Why is the only one completely devoted to STEM topics, which are a huge focus of children's education today. What's more, this book also introduces kids to the concept of “critical thinking,” with sidebars and callouts
