"When the city was filled with these bonfires, he then combed the city, and whenever he received notice of some public sodomite, he had him immediately seized and thrown into the nearest bonfire at hand and had him burned immediately." This story, of an anonymous individual who sought to cleanse medieval Paris, was part of a sermon delivered in Siena, Italy, in 1427. The speaker, the friar Bernardino (1380-1444), was one of the most important public figures of the time, and he spent forty years combing the towns of Italy, instructing, admonishing, and entertaining the crowds that gathered in prodigious numbers to hear his sermons. His story of the Parisian vigilante was a recommendation. Sexual deviants were the objects of relentless, unconditional persecution in Bernardino's sermons. Other targets of the preacher's venom were witches, Jews, and heretics. Mormando takes us into the social underworld of early Renaissance Italy to discover how one enormously influential figure helped to dramatically increase fear, hatred, and intolerance for those on society's margins. This book is the first on Bernardino to appear in thirty-five years, and the first ever to consider the preacher's inflammatory role in

Renaissance social issues.

courage over comfort. In *Think Again*, Adam Grant weaves together research and storytelling to help us build the intellectual and emotional muscle we need to stay curious enough about the world to actually change it. I've never felt so hopeful about what I don't know." —Brené Brown, Ph.D., #1 New York Times bestselling author of *Dare to Lead* The bestselling author of *Give and Take* and *Originals* examines the critical art of rethinking: learning to question your opinions and open other people's minds, which can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, there's another set of cognitive skills that might matter more: the ability to rethink and unlearn. In our daily lives, too many of us favor the comfort of conviction over the discomfort of doubt. We listen to opinions that make us feel good, instead of ideas that make us think hard. We see disagreement as a threat to our egos, rather than an opportunity to learn. We surround ourselves with people who agree with our conclusions, when we should be gravitating toward those who challenge our thought process. The result is that our beliefs get brittle long before our bones. We think too much like preachers defending our sacred beliefs, prosecutors proving the other side wrong, and politicians campaigning for approval--and too little like scientists searching for truth. Intelligence is no cure, and it can even be a curse: being good at thinking can make us worse at rethinking. The brighter we are, the blinder to our own limitations we can become. Organizational psychologist Adam Grant is an expert on opening other people's minds--and our own. As Wharton's top-rated professor and the bestselling author of *Originals* and *Give and Take*, he makes it one of his guiding principles to argue like he's right but listen like he's wrong. With bold ideas and rigorous evidence, he investigates how we can embrace the joy of being wrong,

You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces concerned parents to immunize their children, and Adam has coaxed Yankees fans to root for the Red Sox. You can teach the craft, but you must first form the heart. Many preachers want to preach better, but they don't always know how to go about improving, and most books on preaching focus on the mechanics of the craft. But preaching involves more than the steps from a text to a sermon, because every time a preacher stands up to preach, their character shines through--for better or for worse. In *The Heart of the Preacher*, Rick Reed focuses on the personal heart preparation required before any preacher is ready to preach. He explores issues preachers often wrestle with--like discouragement, insecurity, and pride. He then offers practices to fight these challenges and form a heart that carries the fruit of the Spirit into the pulpit. It takes more than a good speaker to preach. It takes a Spirit-filled person. This book will help you check your heart and cultivate the most important aspect of preaching: your character.
